

Position: Vehicle Valuator
Business Unit: Ford
Location: N1 City
Reporting to: Used Sales Manager

Overview: Job purpose and deliverables

NMI is looking for a skilled Vehicle Valuator to assess trade-ins, determine accurate market values, and support the sales process. If you have an eye for detail, strong market knowledge, and a passion for vehicles, we want to hear from you.

Purpose of the role: The core purpose of this position is to accurately inspect and assess the condition and value of pre-owned vehicles for trade-ins, purchases, and resale, in line with market trends and company policies. To be successful in the role, you must demonstrate a high level of attention to detail, customer service, and professionalism throughout the valuation process. Vehicles must be evaluated thoroughly—considering mileage, service history, condition, and overall market demand—to ensure fair, competitive, and profitable pricing. This role directly supports both customer satisfaction and business profitability through accurate, consistent, and market-aligned valuations.

Key deliverables and outputs

- Conduct vehicle valuations offsite with Corporate Clients and transporting the asset back to the warehouse
- Manage risks by ensuring company assets are properly taken care of
- Ensure the delivery of excellent customer service
- Assistance with vehicle management at the branch when necessary
- Build good supplier relationship
- Collect and drop off vehicles
- Assist with ad-hoc administrative tasks

Overview: Essential individual competencies to be successful in the job

Academic qualifications:

- Matric
- Unendorsed driver's License

Work experience:

- Previous mechanical experience

Knowledge and Skills:

- Read and write English and Afrikaans
- Most efficient routes in and around the Gauteng Area
- Traffic rules and regulations
- Advanced driving skills
- Mechanical skills preferable
- Good communication skills
- Safety/security conscious
- Adherence to time constraints and deadlines

Behavioural Attributes:

- Professional appearance
- Courteous and a friendly disposition
- Ability to build positive relationships and uphold a professional company image

Level of Decision-Making	Level of Problem Solving
Decision making takes operational trends and business plan into account and generates multiple possibilities that involve trade-offs and juggling of multiple variables (budget, people, technology).	Problem solving requires specialist and/or highly technical ideas/concepts.

APPLICATIONS MUST BE FORWARDED TO: ON, OR BEFORE: 20 April 2026
